Cost of Goods Sold (COGS) Defined

Cost of goods sold applies to those businesses that sell a product or good. This COGS section does not apply to those who have a service business. Businesses that sell a good or product please use this section to determine the total amount of COGS. Cost of goods sold (COGS) is the direct costs attributable to the production of the goods sold in a company. Use this section to help accurately calculate COGS.

Beginning Inventory-How much of your product or goods did you have on hand when the year started? (Your cost not the retail value)

\$

Ending Inventory-How much of your product or goods did you have on hand when the year ended? (Your cost not the retail value)

\$

Cost of raw materials	\$
Cost of goods purchased for resale	\$
Product packaging material costs	\$
Cost of supplies (used directly for producing goods)	\$
